EDUCATION

- **Information Technology Institute (ITI), Cairo University Branch – 2024**
  Track: Business Analysis and Intelligent Automation Development

- **Faculty of Science – Alexandria University, Alexandria – Bachelor – 2023**
  Major: Statistics Minor: Computer Science CGPA: 3.08/4
  Graduation project: Image classification using neural network Degree: A

TOOLS & SKILLS

Intelligent Automation Development

UiPath
Automation Anywhere
Power Automate
n8n

Web Development

HTML, CSS, JS and TS
Angular

Programing Languages

Python
C++
C#
JavaScript
TypeScript

Data

Data Analysis
Web Scraping
MySQL and SQL Server
Python and R
Spreadsheets

Other

Problem Solving.
SharePoint

PROJECTS

- **n8n Google Docs Batch Update Community Node**
  https://github.com/MohammedAdel224/n8n-nodes-google-docs-batch-update
  https://www.npmjs.com/package/@mohammed-adel/n8n-nodes-google-docs-batch-update

❖ **Automation Anywhere Bot Challenges – (Automation 360)**

Customer Onboarding	Supply Chain	Human Resources
Accounts Payable	Auction Sniper	Quarter Close

❖ **ACME Calculate Client Security Hash – (UiPath)**
https://github.com/MohammedAdel224/Calculate-Client-Security-Hash

❖ **ACME Verify Account Positions – (UiPath)**
https://github.com/MohammedAdel224/ACME-Verify-Account-Positions

❖ **ACME Libraries – (UiPath)**
https://github.com/MohammedAdel224/ACME-System1-Library
https://github.com/MohammedAdel224/ACME-System3-Library

❖ **Café and Restaurant website – (Angular)**
https://github.com/MohammedAdel224/La-Duchessa

❖ **Manga Favorite List (Python – Web Scraping)**

- Updating last chapter released data for each Manga on a Google Sheets.
- Scraping data about **137 manga** from **12 websites** in **446 links**.
- Using **Google API** and **gspread** library.
- Applying **OOP** and **Concurrency**.

COURSES & CERTIFICATIONS

- **Power Platform** PL-900 and PL-500.
- **Automation Anywhere** Automation Developer Career Quest – Scale Phase
- **Automation Anywhere** Essentials Automation Certification
- **Automation Anywhere** Bot Developer (Automation 360)
- **UiPath Academy** Automation Developer Professional Training.
- **Mahara Tech** RPA using UiPath - Explorer Training.
- **HubSpot Academy** Competitive Strategy.
- **HubSpot Academy** Customer Support.
- **Coursera – Google** Data Analytics Professional.
- **Kaggle** data visualization.
- **Ng – Stanford University (YouTube)** Machine Learning.
- **DataCamp** data analysis with Python track.
- **Udacity (Egypt FWD)** Data Analysis Professional.
- **JBStatistics** Make Making Statistics Make Sense.
- **Khan Academy** Statistics and Probability.
- **Prof. Dr. Mohamed Abdel Salam Ragheb (YouTube)** Data Analysis using SPSS.
- **Product School** Product Analytics using Mixpanel.
- **ICDL Arabia** ICDL.

ACHIEVEMENTS

❖ **ICPC Egyptian Collegiate Programming Contest — Honorable Mention – 2022**

- Achieved with my team the **35th rank** in the qualification contest, day 4.
- Achieved with my team the **164th rank** in ECPC contest.
